Dumplings
Russia is famous for its national cuisine. We have many delicious dishes that we eat every day. The most popular among them are Russian pancakes, 'beef stroganoff', 'okroshka' and 'syrniki'.

Many foreigners visit our country and they usually have different concept of their national cuisine. So, some dishes can be really specific for them, for example 'kholodets'. Honestly speaking, I do not like it too. It seems strange to me. It is just food in jelly. Why was this even invented?

However, everyone in my family likes this dish. We cook it every New Year. Besides 'kholodets', we like 'borscht', 'okroshka', 'syrniki' and dumplings. We often cook these dishes together.

Anyway, I believe that every tourist should get acquainted with our national cuisine. I am sure he or she will not be disappointed with it. I recommend tasting every dish of the mentioned before, especially dumplings. It is a simple but excellent dish. Dumplings consist of dough and filling. The filling can be different: meat, fish, vegetables. Everyone can choose to their taste. I always choose meat. In my opinion, this is a very good dish to get acquainted with Russian culture.
